

Is your child starting school in
September?

Have they had 2 doses of the
MMR (Measles, Mumps, Rubella)
Vaccine?

Not sure? Check with the
receptionist today

**Don't let Measles, Mumps and
Rubella into your child's world**

Protect your child with both doses of the
MMR vaccine. Book with your GP or find
out more at nhs.uk/MMR

Did you know?

2 doses are needed to give effective protection

Measles, mumps and rubella are highly infectious

Side effects of the vaccine are mild and don't last long

These illnesses spread easily between unvaccinated children

The vaccines has been safely protecting children for many years

Cases of measles has started to rise in recent years
