

THE PATIENT LIASON GROUP

Has raised £485.00 since the summer of 2011.

This is through selling books, cd, and dvd's. They have also held a coffee morning at the surgery which was very successful.

They would like to thank all the patients for helping with this.

They have donated money to their chosen charity – the Thames Valley Hospice and the water cooler in the waiting room is bought by the group

They also have bought the prescription box and the large cork board in the waiting room.

Please can patients carry on bringing in books, cd's and dvds so the group can keep raising money for items they would like at the surgery and to donate to their chosen charity.
