

COMMENTS FROM REDWOOD HOUSE SURGERY PATIENT PARTICIPATION GROUP SURVEY 2013/14

APPOINTMENTS:

- All appts should be within 48hrs of phoning
- I don't like the fact where you have to book so far in advance for an appt with dr and only option for urgent is by chance on a particular day
- Long LONG delays to get routine/non urgent appt. It can be tricky for a patient to decide if the issue is urgent enough to claim a same day appt or if a 2-3 week wait is OK
- The staff are always friendly. We would prefer to ring on the day of the illness for an appt that day and Not to ring at 8am
- It has got harder to make specific appts but as can still see doctor if urgent hasn't been an issue. We are lucky to have such a good surgery
- Surgery appt difficult at times but not all the time

APPOINTMENT HOURS:

- Great surgery been here for 20 years. You can always get an appt same day when needed. A few 7.30 am appts would be useful
- Should be open to 9pm and at weekends

WEB:

- Excellent service provided by all staff especially reception ladies. Repeat prescription section of the website needs improvements e.g. increasing the number of items, ticks not to be added as I need items
- Unable to retrieve prescription details on the website in spite of pressing the relevant button
